

# Arundel Museum

The new Arundel Museum will be a 350sqm single storey, low energy and low maintenance building of contemporary design. A mixture of modern and traditional materials will give it a long life.

The new Museum will provide:

- **A 150sqm gallery** for the public display of the collection of local artefacts.
- **A multi-purpose education space** for use by schools, adult education classes and community groups.
- **Community space** for use by community groups such as local art societies, sewing clubs and general social societies.
- **Arundel's Visitor Information Point**
- **Museum shop**
